

NOTIFIABLE DISEASE/ CONDITION REPORT FORM

All Georgia physicians, laboratories, and other health care providers are required by law to report patients with conditions of public health concern listed on the reverse of the enclosed form 3095. Both lab-confirmed and clinical diagnoses are reportable within the time intervals specified.

Reporting enables appropriate public health follow-up for your patients, helps identify outbreaks, and provides a better understanding of disease trends in Georgia. For the latest information from the DHR, Division of Public Health, visit their web site at: www.health.state.ga.us
