

**To celebrate the 9<sup>th</sup> Annual National Day to Prevent Teen Pregnancy, please join us for this ground breaking workshop presented by G-CAPP!**

## Preventing Repeat Teen Pregnancy in the East Central Public Health District

**May 5<sup>th</sup>, 2010, 10:00 am - 4:00 pm  
Richmond County Health Department  
950 Laney Walker Boulevard  
Augusta, Ga.**

Georgia ranks **second highest** in repeat teen pregnancy!

To prevent subsequent pregnancies, young parents need unique case management, including contraceptive education and support that can be facilitated by a variety of service professionals. This workshop is ideal for any service provider that engages young parents!

**In this productive workshop, participants will learn how to:**

- Use effective case management skills and tools**
- Activate effective listening skills to assess client needs**
- Employ effective teaching skills to instruct clients on correct usage of contraceptives**
- Motivate ambivalent clients to incorporate contraceptive use in their future plans**

**Please RSVP by 4/27 to Mary Stacy, Youth Development Coordinator  
at 706-667-4283 or [mbstacy@dhr.state.ga.us](mailto:mbstacy@dhr.state.ga.us)**
