

Assessing Schools' Current Sexuality Education Programs within the East Central Public Health District 6

Tuesday, March 23, 2010, from 5:45 p.m. to 7:30 p.m.
Boys & Girls Clubs of Augusta Administrative Offices
206 Milledge Road Augusta, GA 30904

Let's work together to improve high school graduation rates by reducing teen pregnancy!

ALARMING Statistics:

- *Georgia is 10th in the nation in teen pregnancies and birth and 2nd highest in repeat teen birth rate.
- *70% of teen mothers never graduate from high school.
- *Georgia has the 4th highest high school drop out rate.

Who to attend?

District Board of Education Superintendents and School Board Members

Why attend?

- *Learn current teen pregnancy statistics and network with other school boards for sharing of ideas to reduce teen pregnancy rates.
- *Learn how public health can assist with collaborating and supporting positive programs for youth, parents and professionals
- *Overall, to help youth succeed by improving graduation rates.

Dinner will be provided and seating is limited. Please RSVP to Mary Stacy
(706) 667-4283 or mbstacy@dhr.state.ga.us by 3/12.
Event hosted by the East Central Public Health District's
Teen Pregnancy Prevention Policy Work Group.
